

Our workshops

The team behind ***You Plant It*** has crafted the most amazing learning experiences, so you can learn everything you need to grow your own garden. From basics to expert level, we will get you there.

Beginners:

Every Monday from 7pm-8pm

Duration: 4 months

Intermediate:

Fortnightly every Wednesday from 7pm-8pm

Duration: 12 months

Advanced:

Every month we choose a special topic that interests our community. For **October's special**, we will be learning about how to grow tropical fruit in Ireland! Our guest and plants expert, Frank Torres, will be teaching us about the challenges and how to tackle them to get delicious goodies right from our gardens.

Location of all of our workshops is right in the gardens in Phoenix Park. Join us for a fun learning experience, and then come for some pints at the local pub so we can all get to know each other!

For more information on what the courses will be focused on and prices, please get in touch and we will send you all the relevant info.
